

Bachelor of Social Work

Overview

Undergraduate social work education at UTA is based on a set of premises. Responsible citizenship and professional social work practice recognize and respond to the realities of a complex and diverse society that is in continual need of constructive social change predicated on social justice. To this end, social work students are expected to demonstrate the capacity to critically evaluate their cultural environment and, in so doing, demonstrate analytical skills and understanding both orally and in writing. Students are required to adhere to the [Code of Ethics as currently published by the National Association of Social Workers](https://www.socialworkers.org/About/Ethics/Code-of-Ethics/Code-of-Ethics-English/) (<https://www.socialworkers.org/About/Ethics/Code-of-Ethics/Code-of-Ethics-English/>), the [Texas State Board of Social Worker Examiners Code of Conduct](https://www.bhec.texas.gov/statutes-and-rules/) (<https://www.bhec.texas.gov/statutes-and-rules/>) and the UTA School of Social Work Professional Standards ([in the BSW Program Manual](https://www.uta.edu/academics/schools-colleges/social-work/programs/bsw/bsw-manual/) (<https://www.uta.edu/academics/schools-colleges/social-work/programs/bsw/bsw-manual/>)) in their professional practice and in their course work. The [faculty of the School of Social Work](https://www.uta.edu/academics/schools-colleges/social-work/faculty-directory/) (<https://www.uta.edu/academics/schools-colleges/social-work/faculty-directory/>) enhance this process through their commitment to teaching excellence, scholarly activities, research, and community and professional service.

The Bachelor of Social Work degree program of the School of Social Work is fully accredited by the Council on Social Work Education. Its primary educational objective is to prepare students for generalist social work practice. The sequence of courses, designed to include academic social work and field experience requirements in a liberal arts context, enables the student, upon graduation, to work in a variety of social service agencies and settings. Students may take courses at the UTA main campus, the UTA Fort Worth Campus, fully online, or a combination of both.

Transfer of Credit

Transfer credits for undergraduate level social work courses may, at the discretion of the Director of Undergraduate Programs, be accepted by the School of Social Work from comparable coursework taken and passed with a grade of 'C' or better at another CSWE accredited program within the last six years. BSW student transcripts are evaluated by the UTA Office of Admissions, and the Director of Undergraduate Programs may approve additional transfer courses for credit in collaboration with the academic advisor. Students will be expected to provide syllabi for review. The total transfer credits awarded should not exceed 50% of the total program credits needed for the degree, and at least 66 credits must be earned at UTA.

No credit is given for life or work experience. Courses that meet the liberal arts requirements of the BSW degree are applied to the degree plan. Other courses are designated as electives. The student receives credit for Introduction to Social Work (regardless of institution) and social work courses from CSWE accredited social work programs. Field Work Requirements

Once necessary pre-requisites are complete and students have a 2.5 or better GPA, students enroll in the field courses (SOCW 4951 Field Instruction and Seminar I, first semester; SOCW 4952 Field Instruction and Seminar II, second semester; or SOCW 4955 AND 4956 to complete Field Work in one semester [AKA Block]) and complete 240 clock hours per semester in their assigned agency. Field placements are arranged early in the preceding semester by applying through the field office. Students should consult with a BSW advisor to ensure completion of pre-requisites for field.
